NIT JAMSHEDPUR

About Us

We are a group of people with diverse interest & background sharing a common fire burning within us. It is the energy of the flame of this fire which keeps us motivated to work in the direction of improvement & educational enrichment of the young children of India, citizens of tomorrow. Through Sankalp we are spreading the light of knowledge to these children with an aim to capture these hidden talents within our nation and provide them with quality education. Initially we have targeted *Mohan Nagar*, a slum behind Hostel-C, NIT Jamshedpur to achieve this purpose.

Sankalp NIT-JSR chapter on now is quite young and energetic. Currently it is working in the area located at the outskirts of NIT JSR campus. The families residing here have their major sources of income from the industrial hub situated at Adityapur. Most of them are daily workers and as such, can't afford proper education for their children. Students from NIT Jamshedpur campus along with some hired professionals provide these children elementary education, in accordance to a standard syllabus.

The number of students' benefiting from this movement is nearly 280 & we are grateful to have the cooperation & dedication of some 110 volunteers of our institute. Stationery, books & other requirements are arranged by Sankalp NIT Jamshedpur free of cost for students. Sankalp NIT Jamshedpur not only provides them education, but also ensures that they indulge themselves into various extra co-curricular activities for their overall development.

Techies of NIT do their bit to educate poor

Animesh Biswas
in Jamshedpur

JAMSHEDPUR: The budding technicians of the National Institute of Technology (NIT), Jamshedpur are blossoming into nation-builders with a humane touch. The students' determination to do something for the poor has led to formation of Sankalpa, an organisation that plans to improve the education of rural students in all districts located nearby," said Kumar. This apart, the students conduct classes for two hours every Sunday (at four different locations for poor children and unemployed adults of nearby rural areas). Vice-Chancellor, NIT, Jamshedpur, led by the students of two engineering colleges and

NIT students start health programme

TIMES NEWS NETWORK

Jamshedpur: In a bid to spread awareness and prevent youngsters, particularly adolescents, from taking up tobacco as fashion statement, students of National Institute of Technology (NIT), Adityapur, have launched a health awareness programme. The programme has been introduced with the support of a few city schools jointly with some former students of the NIT based here. On Monday, the programme made its debut at Keshavnagar Model School. Vice-Chancellor, NIT, Jamshedpur, led by the students of two engineering colleges and

NIT students on anti-tobacco drive in schools

B Sridhar | TNN

Jamshedpur: Students of the region's engineering cradle, the National Institute of Technology (NIT-Adityapur), have launched an anti-tobacco drive in schools. For starters, they visited Kerala Samajam Model School, Sakchi. "The drive was launched last week but owing to a mishap (drowning of three students) the campaign was suspended," said Abhishek Meena, coordinator of Sankalpa, the social empowerment arm of NIT.
