# HIGHLIGHTS

- "What we are doing at Sankalp is not only about educating children. It is about giving an identity and voice to the nameless faces of the lower strata. It is about building a community of inspired youth for whom peace and harmony is the ultimate goal of the war against all evils. It is about discovering what we are capable of, both as an individual and as a group." Meet Prashant Prashant's father expired when he was 4. His mother though toiled hard to bring him up well but succumbing to extreme poverty married a man who deserted Prashant Prashant passed his 9th std exam with flying colors but facing acute financial crisis took job as a security guard in industrial area firm which is paying him 4000 per month He used to attend classes at GSN School every day and did his duty from 10 pm to 6 am in the morning and then back to school. As his 4000 monthly income was meagre to make his both ends meet lest support his education and re admission fee at GSN, Sankalp helped him monetarily and academically for the past 6-7 years But as they say, destiny favors those who wish to change it, today he got admission in a prestigious college of Bangalore in sports quota category being a state level basketball player His education till graduation will be fully sponsored by the college and he may also get a job in customs Dept if he performs well in his exams Had Sankalp not helped him to complete his primary education, this was a distant dream for a boy coming from such a adverse background
